

2025

RESIDENCY  
PLACEMENTS

**MITCHELL WEBB, MD**  
*Class of 2025*

**RESIDENT, INTERNAL MEDICINE**  
Rochester General Hospital, NY

## DEAR PROSPECTIVE STUDENT,

Every year on the third Friday of March, residency placements are announced by the National Resident Matching Program (NRMP). Commonly known as "Match Day," the process usually begins the prior summer as program directors review applications and invite selected candidates for interviews between October and February. The culmination of this in late March is one of the most eagerly awaited moments of a physician's career.

In reviewing the results of Match Day 2025 and of those who applied outside the NRMP, I'm once again pleased to report on the success of AUA graduates in securing prestigious residency positions throughout the United States and Canada. For those who once believed a career in medicine was out of reach, that path is now a firm reality. The AUA community is immensely proud of our recent graduates' achievements.

AUA's holistic admissions approach ensures you're evaluated for your achievements, contributions, service and potential to succeed. We recognize that you are much more than a test score, and based on the exceptional success of our graduates, AUA has continually demonstrated a strong eye for applicants with talent, determination, and compassion.

Our admissions team looks forward to discussing with you the vast opportunities and comprehensive medical education that AUA College of Medicine offers. Please visit [auamed.org](http://auamed.org) for more information, and please reach out to us at any time.

On behalf of myself and AUA's faculty, staff and community, congratulations to all of our graduates who are making a difference in their communities.

Sincerely,

**PETER BELL, MD**  
AUA President

# FINDING THE RIGHT RESIDENCY PROGRAM CAN BE A CHALLENGE.

That's why AUA takes special care in preparing our students for what they can expect after medical school. We ensure our alumni are ready to work alongside the best practitioners in the medical field, and we assist them in the process of getting there. When the time comes for you to apply for residency programs, AUA's team will be ready to assist in any way we can.

**AUA is very proud of all of our graduates who matched in 2025! Years of hard work have finally paid off.**
